TATLER

SUZANNE BENTON

September 6, 1964

Dear Suzanne,

In just a few hours you and I will be separated with many miles between us. Although we will be quite a distance away from each other, you will always be very close to me, for how could anyone ever forget a friend like you.

From the Kindergarten years through our four years of high school, we somehow managed to reach our finish mark together. It's not really a finish mark though because we have miles and miles of a new road to travel now. Although we won't be side by side as before, we still have a wonderful opportunity ahead of us and a purposeful accomplishment behind.

So Suzanne, here's wishing to my best friend best of luck at Brenau College! I will think of you often and remember our good old times together back at the old homestead. Be good and I'll see you Thanksgiving!

I love you!

Kathryn

3/3/64

Suzanne –

Well – that great moment is growing closer every day – and though strange as it may sound – I'm growing sadder. It's hard to believe that just three years ago we were "green freshmen" – Need I mention the good times we've shared or all the hard courses we've struggled through!

Suzanne – our class of "64" would not have been the same without you – for you have worked hard throughout all four years and truly deserve the honor of an "Outstanding Senior" – as for myself, I could not ask for a better friend – that pleasing smile, warm understanding, and that out-stretched helping hand will be the things that I'll remember when I think of you.

In seven short months, Benson will be "mourning" our leaving – (or will we be the ones mourning?) At any rate, Brenau will be gaining one of the best of the Bucks! Think of me next year as I climb the hills of "ole Lingry" – Forever to a deserving, wonderful friend! Love,

Helen

Suzanne,

I have enjoyed being in your class for the past twelve years. May good luck and success follow you always.

A friend,
Janice Lee

Suzanne,

I certainly have enjoyed being one of your friends, and I know I have enjoyed having you as one. Keep up your sweet, sincere ways, and I'm sure you will make friends everywhere you go. Be good!

Friend always,
J. C. Ellen

Suzanne,

You are a very deserving girl. May you receive the best of everything in life.

Carol Martin

Suzanne,

I wish you the very best in the future. You really deserve it. I have enjoy being in school with you for the past twelve years.

Brenda J. Byrd

Suzanne

This is the only vacant spot I can find, and it's not half enough space to tell you how much I've enjoyed being your classmate and close friend. I can't express how much I appreciate the help you gave me on the annual — and your confidence in me. Have fun in Georgia and be good —

Always,
Judy

Suzanne,

It has really been a pleasure going to school with during the past years. You have really added much fun to my high school days. We have really spent some unforgettable days at Benson, but they are gradually coming to a close.

I hope you the best of luck next year at College. May God bless one of the nicest and sweetest girls that I have ever known. Good luck always in everything you undertake to do.

Love Ya!
Gloria

Suzanne,

Well, here we are at last. You tell me what we are supposed to do. We will do what we can? I know you will do that.

From "je de Kindergarten days" all the way up - it was been wonderful.

We finally won our right on the ball court - not on the sidelines - this last season. It'll never quite be old Bradfield days.

As for football - maybe some day it'll be right there with it - and don't be able to forget it. But the years were so much fun - homecomings especially.

Now as we are about to go our separate ways, I pray that God will watch over you and keep you safe - for that special someone.

Good luck, next year down in Georgia. We will be nice you - but in a little not quite you. I promise it. Write you.

Yesterday could not have been a better friend, and he considers himself very lucky to have you.

Keep your head up and don't worry. I'm sure you can't go wrong. Love always,

Love,

For my Annuzus Not ::

With sincere gratitude we dedicate . . .

to Mr. Bostic

I have enjoyed having you as my classes during these years. I am looking forward to your future

C. Bostic

People of all ages have had their leaders and our senior class is no exception, for we have had Mr. Bostic. We wish to thank him for the endless hours he spent so patiently trying to prepare us for the world outside. Yet even more important, we appreciate the spiritual guidance which he administered to each of us in our time of need. With these thoughts in mind, we proudly dedicate this volume of TATLER to our MR. BOSTIC.

We express deepest appreciation . . .

to our parents

Suzanne,
I wish you the most happiness and luck in your future. You are a very sweet + cute girl and have a great personality. I wish you ~~all the~~ success in what ever you do. I have had a ball with you during basketball season, too.

Love ya!!
Yvonne Joseph

We, the members of the senior class, wish to express sincere appreciation to our wonderful parents. We pay homage to them, for they, through diligent work and watchful care, have made us the graduating class of '64.

He passed away . . .

but memories linger

In every senior's heart, there is a place reserved especially for the fond memory of Glenwood Sutton. Even when the cards were against him, he never failed to play the winning hand. His overpowering drive to be one of us made us love and respect him. His stern determination has served and will continue to serve as an example for us in the coming years.

Dear Seniors:

Soon you will be leaving Benson High School. You will carry with you many happy memories, perhaps some not so happy. However, we do sincerely hope that you will carry with you certain simple yet basic facts of life:

1. Effort and application are required in order to achieve anything of value. Your country does not owe you a living. If you expect to be citizens of any worth, continued effort and application will be required.

2. Honor and Integrity are some of the eternal values. In our efforts to possess the material things of life, let us never lose sight of the fact that your Honor and Integrity will stand you in good stead after all the material things of life have vanished.

3. Continued training wherever possible will help to make you a more useful and productive citizen. It is our sincere hope that many of you will realize that in this complicated world of ours today that training beyond the high school will be of great value. Your high school diploma should be a spring-board from which you may go forward to greater success.

4. Your continued devotion to the American Way of Life, where the dignity and worth of the individual is supreme, will be a worthy goal for you to pursue. America needs young men and women truly devoted to the great ideals of our founding fathers. I hope that you will always strive to make government the servant of the people and not their master.

You carry with you our best wishes,

Wm J. Barefoot
Prin.

Suzanne,
It has been a pleasure knowing you here at school. I hope that all your college days are as bright and happy as they should be. You are a very deserving girl. Everyone will be proud of you. Always remember us as friends. May God bless you and keep you always.

Suzanne,
I'll never forget all the fun we've had this year. I have really enjoyed getting to know you better. Remember all those basketball games! If it hadn't been for your few "off nights" I would have never left the bench. I'll never forget the night we went to the Meadow tournament. Remember pushing that car so we could get out. I'm really going to miss you next year, but I guess you'll be glad to get out of old town. Best of luck to you in with goal. I'm sure you'll do at Arkansas, because you surely have made a great record here.

Love ya,

Faculty elects outstanding

BRENDA NEIGHBOURS

The class of 1964 wouldn't have been the same if it had not had among its members that mischievous, intellectual, and dynamic gal—Brenda Neighbours.

Beginning with the ninth grade, Brenda participated in many activities and worked for the benefit of Benson High School; she was a member of the science club, the F.T.A., and the dramatics club. During the same year, she also debated and played basketball.

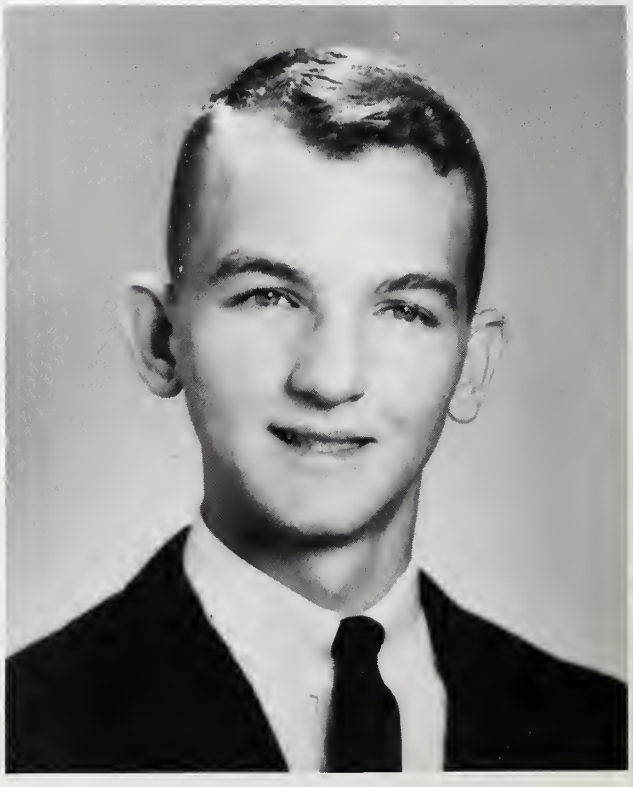
In her sophomore year, Brenda continued some of these activities and added others. At the close of the year, she was tapped into the Beta Club; she also served as a waitress at the Junior-Senior Prom.

In her junior year, Brenda was a member of the play cast and served as Co-Chief marshal. In her final year of high school, she was chosen the "Best-All-Round" girl by the graduating class.

Brenda has received many other honors during high school. She attended the scholarship banquet held each year for the top six students in each class. She has received several medals given each year at the commencement exercises to students who show outstanding ability in their school work. She also received a citizenship award her sophomore year.

After graduation Brenda plans to attend either the University of North Carolina at Greensboro or East Carolina College where she will study biology.

Benson High School has greatly benefited from Brenda's hearty participation in its activities; her classmates will always remember her and are proud to have such an outstanding student among them.



REGGIE PARKER

A friendly smile and a great personality make Reggie Parker one of the outstanding members of his senior class. Along with his smile and personality, he has the desire and the ability to learn. Knowing this, his fellow classmates voted him "Most Intellectual" of their senior class. Reggie has proved, by maintaining an above average in grades throughout his high school career, that he can hold this superlative position. He has been accepted by North Carolina State College, which he plans to attend in order to study veterinarian medicine.

Reggie, during his high school career, has participated in many different activities and has had many responsibilities. He was in the Library Club and served as the vice-president of his class during his sophomore year. During his junior year, he played a very active part in the Junior play and served as secretary of his class. During the summer separating his junior and senior years, he represented our school while attending Boys' State. During his senior year, he served as the secretary of the Key Club and on the annual staff. He was also a very active worker on the school paper.

We're sure that Reggie will have great success in life and that he will work to accomplish everything he tries to do.

Seniors for recognition

STACY LEE

A young man who has proved himself worthy of the title of "outstanding" is Stacy Lee. Stacy came to Benson from Dunn, where he had the honor of serving on the Student Council his sophomore year. Since he has been attending Benson, he has participated in two sports—baseball and football. His achievements in the field of athletics have been rewarded with a letter and membership in the Monogram Club. Stacy served on the Citizenship Council and also participated in the Junior Play his junior year. In his senior year, he served as class president and was elected a superlative. In addition to all these activities this outstanding student has been able to maintain above average grades.

Stacy's personality and intelligence have won him many friends during the two years he has been here. We, the senior class, know that Stacy's many qualities will make him a great success in future years. How can he miss?

JUDY ADAMS

"Most Intellectual" is what Judy Adams was voted by her classmates and we say rightly so. For during her high school years, she has maintained a high scholastic average. As a sophomore, Judy was tapped into the Beta Club and served as a waitress at the Junior-Senior Prom. Her junior year, she acted as co-chief marshal at commencement exercises. For the past two years, she has attended the Scholarship Banquet.

For Judy's outstanding work in math, she was selected to attend a summer Mathematics Seminar at the University of North Carolina at Raleigh. It was sponsored by the National Science Foundation.

Judy's high school years have been anything but dull! As a sophomore, she served as the Future Homemakers of America secretary and is presently serving as the chapter's president. Because of her keen interest in F.H.A., she is working on her state Homemaker's Degree. Judy also debated during her sophomore year. She participated in the Future Teachers of America and served as the president her junior year. She served as the class secretary both her sophomore and senior years. In the junior play, she played a leading role. She was a Candystriper at Johnston Memorial Hospital her junior year. She has also done an excellent job as the TATLER editor.

Throughout high school, Judy has been an avid fan of the Phantoms and has participated in several activities. Judy was selected as a cheerleader her senior year. To improve her cheering ability, she attended Camp Pla-Mor one summer. She also served as girls' basketball manager as a junior. Judy was chosen Homecoming Queen her freshman year.

Following graduation, Judy plans to attend Campbell College and major in mathematics. We are sure Judy will be a success at whatever she undertakes.

LINDA JONES

A friendly smile, a charming personality, and good looks describe one of the most outstanding students in our class—Linda Jones. Linda has attained a high scholastic standing and has been in the Beta Club since her sophomore year. Her high grades enabled her to be a marshal, a waitress at the junior and senior banquet, and to attend the scholastic banquet for two years.

Much of Linda's time is accupied by studying, but she still finds time for outside activities as well as several clubs. During her junior year, Linda enjoyed being a candystriper at Johnston Memorial Hospital. She served as secretary of the F.T.A. her junior year. She was also county secretary of the F.H.A. and historian of the local chapter her freshman and sophomore years.

Since Linda is an enthusiastic cheerleader, she attended the cheerleading camp at Windy Hill Beach, South Carolina, in order to learn ways to encourage more school spirit.

Following graduation Linda plans to enter East Carolina College at Greenville, North Carolina, and study psychology. We are proud to have such an outstanding classmate, and we wish her the best of luck in everything she does.

SUZANNE BENTON

A winning smile and a charming personality all describe Suzanne Benton. She's a 5 foot 2 inch package of perpetual motion. During her high school career she has taken on more activities than one person can hardly handle and keep an above ninety average. Suzanne was extremely busy her freshman year: she became a member of the Junior Science Club, was elected to the Citizenship Council, and sang with the Glee Club. She also joined the Future Homemakers of America.

Suzanne's sophomore year began by her being elected president of the class. After winning the local World Peace Speaking Contest, she was given the opportunity to go to New York to the United Nations building. She went and really enjoyed the trip. Winning the contest enabled her to attend the Scholastic Banquet given each year for the top six students in each class. She was tapped into the Beta Club as a sophomore and became its secretary her senior year.

Suzanne was chosen to play one of the parts in the junior class play. During her sophomore, junior, and senior years she was in the Homecoming Court. During the summer after her junior year she attended Girls' State in Greensboro for a week.

The senior year is always the busiest and Suzanne can give many reasons why. She was elected to the position of class treasurer. Acting as Business Manager, Suzanne is working hard on the annual. After playing basketball all four years she was selected as "Most Athletic" for the senior class.

Susie's outside interests are also keeping her busy. This past summer she attended the Annual Conference Session for all local Methodist Youth Fellowship presidents at Duke University.

At the opening of this school year Susie received a most important letter, her acceptance to Brenau College in Gainsville, Georgia. She plans to major in history.

As anyone can plainly see, Suzanne is a truly outstanding person with a high scholastic average, and she's also a fine example of a good citizen.

A typical day with the Seniors . . .

The boys clown around at the first break.

Chemistry puzzles many seniors.

Could 5th period Bookkeeping really be studying—for once?

Mike, like all the other seniors, really loves Mrs. Lambert.

Just a few minutes of relaxation and fun come at the 1:20 break.

Mr. Paroli gets a little rough in 5th period study hall—

Exciting but hectic!

"Macbeth" poses a problem to Mrs. Lambert's 6th period English class.

"Thank goodness, it's Friday!!" says Helen.

Mischief's in the air just before Mr. Stephens enters classroom.

Suzanne,

I wish I could write as much and as sweet as you wrote in my annual in the 10th grade. Everytime I read it, it makes me feel very good. But I can't say a few things of my own.

You have been a wonderful friend throughout high school in all ways and I don't think that I will ever forget you.

You were a great help to Judy on the annual, and everyone appreciates what you did. You have accomplished much during high school and the title "Outstanding" is just what you are.

The twelve years are almost over now, but they have been fun. When I think back over these days, you will be one of the fondest memories

Work hard in college next year which I know you will.

Best wishes to you always, Suzanne.

Suzanne, Susie, Sue, Susan etc,

Well ole pal, it won't be long now. Soon we will be on our very own. I can hardly believe that we will be graduating in twelve more weeks! It's too bad we don't go to the same school. Boy, there would be a mess if we did. Even though we do not go to the same school I know that you are a very outstanding person in school. By just reading your annual and looking at it proves that you do. I didn't really know you until this summer when we took a trip to Greensboro to "Girls State". I really did enjoy my week. I really had a great time in good ole "North Carolina" during that week. I really got to know you and considered you one of my best friends and sister Girls. I am certainly glad that I had the opportunity to go to Girls State with you. You certainly impressed me that week. I will never forget that week because it was one of the most wonderful weeks of my life.

Ever since Girls' State you have been one of the "sweetest" "greatest" "prettiest" "best" "greatest" "greatest" friends I have. You are undoubtly one of the smallest persons I know (petite) and yet you are very intelligent (???). Seriously, I admire you Suzanne. You are a very level headed person and you have high aims and goals and you work hard to accomplish them and you are rewarded for it. Just continue this and you will go far in life.

I'll never forget this summer at the beach. We really had fun. Of course there were times when there weren't much fun... but we have the opportunity to go together again this summer. Remember how I always did like to get up in the morning... at 6:30 but not its only memories. It was fun

I've enjoyed all the pajama parties and all our talks and discussions and everything!! Boy, these pajama parties are great. I certainly hope

Best of luck to a real friend. I've enjoyed learning to know you & I'm glad we've become friends. Please don't forget me & I'll always remember you. Sandra Johnson

will be at dear ole Georgia and I will be at good ole U.N.C.-G. (Hope) we will still see each other. You'll just have to buy you a plane and fly up to Greensboro to see me. Come on Suzanne crank my motivator and motivate down to Georgia. Of course there is such a thing as mail. You'll have to keep me informed on the boys as you girls school and I'll keep you informed on all the boys at my girls school (H.A.!)

I can truly say it has been a great pleasure knowing such a wonderful person as you. Just stay as sweet as you are and keep your goals and aims high and you will be a truly big success in life. Best of luck always. Be a great person and a dear friend.

I can truly say I have enjoyed every min. I have been with you. You are truly a dear friend. No one could ask for a greater one. In other words you are G-R-E-A-T (as our cheerleaders say).

Oh I mustn't forget our future. Even though you

Hi ya Susie,

It's been a long hard struggle, and we made it. I still ain't believing it. If possible, I want you to forget all the rough times we had and try to remember just the good ones. I won't commence to name them, I might embarass both of us. Just kidding, as I am always.

Suzanne,

I have enjoyed having classes with you this year. May your college years be as good as the years in High School. Best of luck always.

a friend,
Jimmy Bamdill

Suzanne,

Well, where do I start? Here we are almost at the close of our final year in high school together and there are so very many things that I could say about the many happy memories that we share together but there ~~is~~ are such a small amount of space to say them in. "Tupie", I will never forget those grand old days of early childhood when we were in the grammar grades together. We have certainly come a long way together haven't we? I'll never forget some of the wild weekends and some of the things that we have done together, especially since we got our license. Although we will be going our seperate ways next year, I don't want you to forget me, "Tupie", because it's a cinch I'll never forget you. With all of your golden traits, I sure you will be the greatest success in life. Always set your goals high, "Tupie", because you certainly have the ability to reach them. Remember me always as a near and dear friend.

Forever,
"Cheshire"

Suzanne

I wish you the very best of everything life has to offer.

Now that school will soon be coming to a close we will each take our own places in this big world. I hope you will have much success at anything you try to do.

May God lead and guide you throughout life.

May the best of everything be yours.

Best wis

Barbie

Suzanne,

I have really enjoyed getting to know you this year. We've really had some times at basketball games, Prattis, and on the bus. Be sure and write to me when you go away to school and tell me all about it. I'll try to tell you what's going on here.

Love ya!
